Sir:

After filing the §1.312 Amendment of August 23, 2007, Applicant's Counsel received a courtesy call from Examiner Zele indicating that the changes to the Specification regarding cross-reference to related applications did not comply with 37 C.F.R. §1.173.

Applicant is, therefore, submitting this Supplementary §1.312 Amendment that cures the informalities of the prior Amendment. Please consider this Supplementary Amendment and remarks regarding the above-identified allowed application. It is respectfully submitted that the following changes do not present any new issues of enablement or allowability, and as such should be entered in its entirety. There are no amendments to the claims.
